

## Specifications for Asphalt and Stone Materials

The Champaign County Commissioners will receive bids on **April 7, 2022 until 9:00 A.M. vis BidExpress** for liquid asphalt, aggregate and patching material. Bids shall be accompanied by a bid bond, certified check or cashier’s check in the amount of five percent (5%) of the bid. **Bids can also be received at The Champaign County Commissioner’s office** located at 1512 South U.S. 68, Suite A-100, Urbana, Ohio 43078. Bids shall be accompanied by a bid bond, certified check or cashier’s check in the amount of five percent (5%) of the bid. **Two copies of the bids shall be submitted in sealed envelopes marked “Asphalt and Stone Materials Bid” if delivered to the commissioner’s office.**

Following are estimated quantities:

1. **CM150 Bituminous Material** – Bituminous material to be used shall meet the specifications shown in Table 1 or equivalent.

<b>Table 2: Specifications for Multigrade Cold Mix Asphalt</b>	
Method of Test	CM-150
Modified Kopper Vacuum Viscosity, 25 <sup>o</sup> C, ASTM D 4957	800 – 10,000 P
Flash Point. Tag Flash Point, ASTM D 3143-98	65.5 <sup>o</sup> C (min)
Water in Petroleum, ASTM D 95-05	1.0% (max)
Cut-Back Distillation, ASTM D 402-02 Distillate, % by Volume of Total Distillate to 360 <sup>o</sup> : to 225 <sup>o</sup> C to 260 <sup>o</sup> C to 315.5 <sup>o</sup> C Residue from Distillation to 360 <sup>o</sup> C	0 – 3% by Vol 0 – 3% by Vol 40 – 80% by Vol Vol 85% (min)
Test on Residue from Distillation, ASTM D 402	
Penetration, 25 <sup>o</sup> C, 100 g, 5 sec. ASTM D 5-05a	150 – 250 dmm
Solubility in Trichloroethylene, ASTM D 2042-01	99.0% (min)
Softening Point, ASTM D 36-95	73.8 <sup>o</sup> C (min)
Float Test, 60 <sup>o</sup> C, ASTM D 139-95	1200 sec (min)

The asphalt binder shall be delivered to point of production at a minimum temperature of 250°F.

2. **Cold Constructed Asphalt.** Typical application rate of bituminous material shall be approximately 4.5% by weight +/- 5%, depending on the aggregate gradation, moisture content and temperature. The final percent by weight shall be determined by the Project Engineer or owners Representative at the time of production.

Mixing Plant; The mixing unit shall have as a minimum two (2) 6-cubic yard capacity hoppers with oversize screening and vibrators on the hopper walls to assist in the free flow of material. The proportioning of materials shall be controlled by means of mechanically adjustable gate valves at the point of discharge to a variable speed belt conveyor, equipped with a belt scale for continuous weighting of the aggregate. The aggregate belt scale shall be coupled/interlocked with two microprocessor controlled systems, complete with two independent pumping systems and spray bars, to regulate the application of bituminous material.

The mixing unit shall be an on-board completely self-contained counter rotating twin shaft pug mill. A metering device shall be capable of automatically adjusting the flow of bituminous material to compensate for any variation in the weight of the aggregate introduced into the pug mill. Bituminous material shall be metered by weight of aggregate using a mass flow, Coriolis Effect, type meter that will accurately measure the amount to within 0.5 percent of the amount required by the JMF or as adjusted by the Engineer.

Control of the plant shall be fully automatic via the microprocessors. Control functions shall include: batch production, automatic plant startup, monitoring of individual drive systems, warning signals in case of material shortage, monitoring of filling leveling, temperatures and pressures, pre-selection of tonnage, automatic plant shut down. A current setting of the mixing unit shall be continuously displayed.

The Contractor shall be required to assure complete coating of the blended aggregate with the Multigrade Cold Mix Asphalt Binder and any remixing through the pug mill or by manipulation of stockpiled material shall be considered acceptable.

**Mobilization to stock pile locations shall be included in the unit price.**

Woodstock Stock Pile: Across from 10697 Urbana-Woodstock Pike, Woodstock Oh 43084  
560 Stock Pile: Across from 1045 State Route 560, Urbana Oh 43078

The county engineer will provide two wheeled loaders and employees to load the mixing plant and stockpile the processed material during weekdays 8 am-3:30 pm. The awarded bidder shall contact the Engineer's office to determine the scheduled processing time prior to May 1, 2022 to process the material. **Material shall be completed by May 13, 2022.**

Payment of this item will be tons of material processed based on the gallons of CM-150 used at 12 gallons per ton.

3. 450,000 gallons more or less of HFRS-2P emulsified asphalt. Material shall be furnished from insulated storage trailers and insulated transports. Material shall meet State of Ohio Department of Transportation 702.16 for Type A polymer asphalt emulsion. Bidder shall furnish an insulated trailer of sufficient capacity to contain a minimum of one transport load. The trailer to be

located in County Engineer's yard. The cost and responsibility of this storage trailer are part of this bid item. Material will also be furnished to designated locations in the county in insulated transports capable of pumping material on or off. Maximum demand will be 24,000 gallons per day. There will be no minimum. The bidder will pay any demurrage for transports.

4. Crushed No. 8 Aggregate meeting the specifications of Item 422.02 of the ODOT 2019 Construction and Material Specifications or similar aggregate approved by the engineer. All material should be delivered to the following locations by May 24, 2022

Morgan Stock Pile - 1631 Kennard Kingscreek, Urbana, OH 43078

Pullins Stock Pile - 12662 Shanley Road, Quincy, OH 43343

Woodstock Stock Pile - Across from 10697 Urbana-Woodstock Pike, Woodstock, OH 43084

560 Stock Pile - Across from 1045 State Route 560, Urbana, OH 43078

Heck Hill Stock Pile - Across from 2108 N. Heck Hill, St. Paris, OH 43072

Calland Stock Pile - Just north of 8507 Calland Road, West Liberty, OH 43357

Thackery Stock Pile - 4634 North Hampton Donnellsville, Springfield, OH 45502

235 Stock Pile - 384 SR 235, St. Paris, OH 43072

US 68 Stock Pile - 2506 South US 68, Urbana, OH 43078

Jackson Township Stock Pile - 3469 Dialton Road, St. Paris, OH 43072

Valley Pike Heritage - 7143 Upper Valley Pike, West Liberty, OH 43357

Delivery of materials shall be made to the stockpile locations prior to list date. Payment for this item will be tons of material delivered. Weight tickets will be provided.

5. Crushed No. 9 Aggregate meeting the specifications of Item 422.02 of the ODOT 2019 Construction and Material Specifications or similar aggregate approved by the engineer. Payment will be per ton delivered to various stockpile locations as described.

Woodstock Stock Pile - Across from 10697 Urbana-Woodstock Pike, Woodstock, OH 43084

560 Stock Pile - Across from 1045 State Route 560, Urbana, OH 43078

Delivery of materials shall be made to the stockpile locations prior to list date. Payment for this item will be tons of material delivered. Weight tickets will be provided.

The County Engineer's forces will make every effort to cooperate with the successful bidder concerning scheduling requirements. However, performance under this contract will be evaluated based on the most efficient working arrangement for the county forces.

Commissioners may, at their option, make separate awards for all items.

The Board of County Commissioners reserves the right to reject one, several or all bids.

It is intended that delivery of materials will be between May 18, 2022 and May 18, 2023 unless it is terminated for poor performance or extended by mutual agreement.

Every effort will be made to make the award within one week. All bidders will be sent a tabulation and notification of the award.

If a bid bond is provided, the name and address of the surety company and agent must be provided on the enclosed form.

***Full transports intended for other government agencies will be billed directly to that agency. Contact information and invoice should be remitted to:***

PO Box 669  
Urbana, OH 43078**

An award will not be made to any bidder, including the lowest and best bidder or the lowest responsive and responsible bidder against whom a finding for recovery has been issued by the Ohio Auditor of State, if the finding for recovery is unresolved, as provided in Section 9.24 of the Ohio Revised Code, whether or not it is clear that any funds used in this project could be deemed to be “state funds.” A bidder with an unresolved finding for recovered shall be deemed not a best bid or not a responsible bid.

**Affidavit of Compliance with O.R.C. 3517.13:** Ohio Revised Code Section 3517.13(I)(3) and (J)(3) requires that no agency or department of this state or any political subdivision shall enter into any contract for the purchase of goods costing more than five hundred dollars or services costing more than five hundred dollars with a corporation, individual, partnership or other association organized under Chapter 1785 of the Revised Code, estate, or trust unless the contract includes a certification that the individuals named in Revised Code Sections 3517.13(I)(1) and (J)(1) are in compliance with the aforementioned provisions. The offeror is required to complete the attached AFFIDAVIT OF COMPLIANCE WITH OHIO REVISED CODE SECTION 3517.13. Failure to submit the required affidavit with the proposal/bid pack will deem the offeror’s response to be non-responsive and disqualified from receiving further consideration.

## LEGAL NOTICE

The Champaign County Commissioners will receive bids on April 7, 2022 until 9:00 A.M. via BidExpress for liquid asphalt, aggregate and patching material. Bids shall be accompanied by a bid bond, certified check or cashier's check in the amount of five percent (5%) of the bid. Bids can also be received at The Champaign County Commissioner's office located at 1512 South U.S. 68, Suite A-100, Urbana, Ohio 43078. Bids shall be accompanied by a bid bond, certified check or cashier's check in the amount of five percent (5%) of the bid. Two copies of the bids shall be submitted in sealed envelopes marked "Asphalt and Stone Materials Bid" if delivered to the commissioner's office. The Board of Commissioners reserves the right to reject any or all bids.
